

Number Bonds to 20

Work out what number is missing to complete the number bonds below.

$0 + \square = 20$

$11 + \square = 20$

$1 + \square = 20$

$12 + \square = 20$

$2 + \square = 20$

$13 + \square = 20$

$3 + \square = 20$

$14 + \square = 20$

$4 + \square = 20$

$15 + \square = 20$

$5 + \square = 20$

$16 + \square = 20$

$6 + \square = 20$

$17 + \square = 20$

$7 + \square = 20$

$18 + \square = 20$

$8 + \square = 20$

$19 + \square = 20$

$9 + \square = 20$

$20 + \square = 20$

$10 + \square = 20$

Number Bonds to 20 - Matching Cards

Cut out the numbers, then match two numbers together which make 20.

10	5	14	12
16	20	1	9
2	13	10	4
8	18	6	17
11	0	19	3
	7	15	

Number Bonds to 20 - Tests

Work out what number is missing to complete the number bonds below.

Test A	Test B	Test C
$10 + \square = 20$	$7 + \square = 20$	$4 + \square = 20$
$0 + \square = 20$	$18 + \square = 20$	$16 + \square = 20$
$8 + \square = 20$	$1 + \square = 20$	$5 + \square = 20$
$12 + \square = 20$	$6 + \square = 20$	$9 + \square = 20$
$4 + \square = 20$	$3 + \square = 20$	$1 + \square = 20$
$15 + \square = 20$	$10 + \square = 20$	$17 + \square = 20$
$2 + \square = 20$	$0 + \square = 20$	$6 + \square = 20$
$20 + \square = 20$	$14 + \square = 20$	$11 + \square = 20$
$7 + \square = 20$	$5 + \square = 20$	$8 + \square = 20$
$19 + \square = 20$	$11 + \square = 20$	$2 + \square = 20$
$3 + \square = 20$	$9 + \square = 20$	$13 + \square = 20$

Number Bonds to 20 - Tests

Work out what number is missing to complete the number bonds below.

Test D	Test E	Test F
$6 + \square = 20$	$\square + 0 = 20$	$17 + \square = 20$
$\square + 20 = 20$	$13 + \square = 20$	$5 + \square = 20$
$9 + \square = 20$	$15 + \square = 20$	$\square + 20 = 20$
$\square + 15 = 20$	$\square + 10 = 20$	$11 + \square = 20$
$\square + 14 = 20$	$12 + \square = 20$	$\square + 13 = 20$
$1 + \square = 20$	$\square + 18 = 20$	$\square + 19 = 20$
$18 + \square = 20$	$4 + \square = 20$	$2 + \square = 20$
$\square + 16 = 20$	$\square + 11 = 20$	$16 + \square = 20$
$12 + \square = 20$	$\square + 19 = 20$	$\square + 14 = 20$
$\square + 17 = 20$	$7 + \square = 20$	$\square + 8 = 20$
$3 + \square = 20$	$9 + \square = 20$	$10 + \square = 20$
